Background Information

This section includes background information on the statistical data contained in this report and on how they were obtained.

Categories of Foreign Visitors

Foreign visitors to Laos are grouped into two categories: **international tourists and regional tourists**.

International tourists are those tourists who enter Laos with a valid passport and visa obtained from a Lao embassy or consulate abroad, or a visa obtained on arrival at an international border checkpoint.

Regional tourists are tourists from neighboring countries such as: Thailand, China, Myanmar, Vietnam and Cambodia, which share borders with Laos. They enter Laos with valid border passes or passports. Although some of them are called "day trippers," they may make overnight stays.

From 1991 to 2002, there was a type of tourist called **Tourists for visa extension**. They are temporary workers in Thailand who cross over the border into Laos for the extension of their three-month visas before reentering Thailand. These tourists are mainly from India, Pakistan, Sri Lanka, Nepal and Bangladesh. However, from 2003 this type of tourist has been reclassified as "international tourists".

Sources of Data

The statistical data on **international tourists** were collected through the embarkation/disembarkation cards of the immigration department and from documents received by the Ministry of Information, Culture and Tourism (MICT) via local travel companies. These documents contain the following information:

Name of Tour Company

Name of tourist

Gender

Passport number

Nationality

Length of stay

Port of entry

Accommodations

Since 1995, data on **international tourists** have been collected only from embarkation / disembarkation cards of the immigration department. Data on regional tourists were collected from tabulations sent to the Tourism Development Department (TDD) by immigration officers at each border checkpoint. Data on tourist characteristics, length of stay, and average expenditure per person per day were all calculated using statistical surveys conducted periodically every year through sampling survey methods. **Checkpoints of Lao PDR** By air: Wattay International Airport is the main entry point by air for international tourists; flights are available through Lao Airlines, Thai Airways, Vietnam Airlines, Air Asia, China Eastern Airlines and Bangkok Airways from Vientiane to Bangkok, Chiang Mai, Hanoi, Ho Chi Minh, Kuala Lumpur, Kunming, Phnom Penh, Siem Reap, Seoul, Singapore, Guangzhou, Changsha, and Busan. Luang Prabang International Airport is also an international entry point, and regular flights are available from Luang Prabang to Vientiane, Pakse, Chiang Mai, Bangkok, Hanoi, Jinghong, and Siem Reap. The operating airlines at Luang Prabang International Airport are Lao Airlines, Bangkok Airway, Air Asia and Vietnam Airlines. **Savannakhet International Airport** is one of the international entry points which offers the international flight from Savannakhet to Bangkok and vice-versa that operated by Lao Airlines. ☐ Pakse International Airport is one of the international entry points and it is a stopover from Vientiane to Phnom Penh, Siem Reap, Ho Chi Minh and Bangkok, Lao Airlines flies from Pakse to Bangkok via Savannakhet. In addition, there are several provincial airports, used only for domestic flights within the Lao PDR. (Luang Namtha, Oudomxay, Bokeo, Huaphanh, Xiengkhouang and Phangsaly).

Summary

Due to its strategic location in the heart of the Indochina Peninsula and Southeast Asia, Lao PDR is a destination for long-distance tourists who travel to the neighboring countries such as Thailand, Vietnam and Cambodia and then to Lao PDR. Therefore, the number of tourists visiting Lao PDR are depended on various factors, such as the convenience of transportation, in-out of country, diversity and quality of tourism products, safety and security of tourists. In addition, there were other factors that influenced tourist came to Lao PDR as well including the epidemic situation of COVID-19, natural disasters, the economic situation, politics, terrorism and others.

Tourism is one of the six important priorities for Lao PDR socio-economic development. Therefore, the Ministry of Information, Culture and Tourism has developed the Lao Tourism Development Strategic Plan for 2021-2025, which aligned with the government's policy to promote the natural, cultural, historical and agricultural attractions for the 'green tourism' and its sustainability. There were 6 targets set in the Tourism Development Plan for Lao PDR such as: 1. Develop the Human Resources in Tourism Sector for the better political legitimacy and provide the technical capacity building, 2. Develop and improve the tourism infrastructure and facilities, 3. Create, improve and disseminate the tourism laws and regulations, 4. Develop and improve the quality and sustainability of the tourism products and services, 5. Advertise and Promote Lao tourism to reach its target market, 6. Coordinate and cooperate with the relevant stakeholders including public and private sectors and both domestic and international for the development, promotion and effective management of tourism.

From 1990 – 2015, the number of international tourist arrivals entered to Lao PDR was steadily increasing which could be seen from 14,400 visitors in 1990 jumped to 4,684,429 in 2015. Since 2016 this trend has changed, with a drop of 10% in 2016 (4,239,047 visitors), and a further drop of 8.7% in 2017 (3,868,838). However, tourism sector remains a driver in the socio-economic development of Lao PDR. In 2018 showed a slight increase in tourist arrivals by 8.2% compared to 2017 (4,186,432) and this was considered as the successful Visiting Laos Year. In 2019, the growth continued with an Increase of about 14.4% over 2018.

In 2020, COVID-19 badly hit the global and devastating effect the tourism industry in worldwide. To prevent the spreading of the disease, the government announced the control measures, including the closure of international checkpoints and various borders since April 2020 onward, reducing international tourists by 81.5% from 4,791,065 in 2019 to 886,447. Since then there was no international and regional visitors travel to Lao PDR.

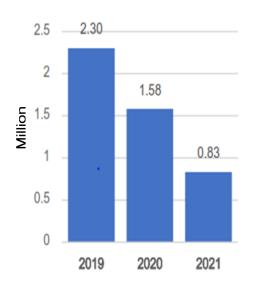

International and regional economic situation

COVID-19 outbreaks appear to be exacerbated throughout the global and region, but with the advent of vaccines to deal with the plague, combined with the immunization efforts of many countries around the world. As a result, most of countries around the world are now introducing the concept of 'New Normal' which reducing the measures of lock down. These include the United States, the United Kingdom, China, etc.

In addition, many countries in Europe and Asia have also been hit economically by the war between Russia and Ukraine, which they are currently suffering with the inflation, rising of the oil prices and high living costs. According to the International Monetary Fund (IMF), the global economic forecast for 2022 has been revised from 4.9% in October 2021 to 4.4% in January 2022, which was 0.5% decreasing.

As a result, Lao PDR has been hit badly by the foreign currency fluctuation (exchange rate weakens) and high inflation rate. In addition, oil and commodity prices in the market were double increased due to the inability to import oil from major producers.

Lao tourism has been severely affected by the outbreak of COVID-19, which could be seen through the figure of tourist and its revenues was significantly dropped in 2021 compared to 2020. The number of domestic tourist visitors slowed down from 2.3 million in 2019 to 828,592 in 2021.

Lao Economy Trends

The Lao economy in 2022 is expected to grow less than planned due to various factors, which included the inflation, rising of living costs, big jump in the world oil prices, increasing of the commodity prices and a stronger foreign currency, especially the US Dollar, Thai Baht and Yuan. However, the National Institute of Economics and Social Sciences has analyzed that Lao PDR's economy will grow by 4.4% in 2022 and the 'industrial sector' will be the main driver of the economic growth, which contributes 2.8% to the total economic growth, follow by tourism at 0.7%, agriculture at 0.3% and the net taxes on products at 0.2% respectively.

Domestic Tourism Situation in 2021

From January to December 2021, there were 828,592 domestic tourists traveling across the country, which suffered a decrease of -47.6% compared to 2020, generating the revenue of 1,102,275,937,600 LAK, which dropped - 5% compared to the same period of last year. The provinces with the highest number of domestic tourists in 2021 were Khammouane, Oudomxay, Vientiane province and other respectively.

The overview of "Lao Thiew Laos" despite being affected by the outbreak of COVID-19, the domestic tourism situation has been steadily improving as the government has reduced the travel control measures, allowing the tourism business to reopen up their businesses such as hotels, guesthouses, restaurants and tourist attractions.

Lao Tourism Potential

- Domestic Tourist Visitor: it can be identified as a short / medium / long term strategy. In addition, promoting the domestic tourism is the main priority area that International Organizations will provide the financial support to Lao PDR in 2022. With the Lao-China Railway and the Vientiane Capital – Vang Vieng Highway, it expects to generate the huge amount of income from domestic tourism.
- Green Tourism: Lao PDR is full of the natural attractions from the north to the south, including waterfalls, scenic views, tree houses, home stay, lodging, etc. According to the World Health Organization (WHO) mentioned that the ecotourism puts people at less risk of contracting with the COVID-19 due to the body is exposed to fresh air and it help to avoids the crowds. From the statistic showed that tourists from China, Korea, Thailand and Vietnam are very interested in eco-tourism.
- International Tourist Visitor: the welcoming of tourists and the opening of the Lao-China railway will be able to attract more tourists and investors from the People's Republic of China to come to Laos.
- Lao-Thiew-Lao: through this campaign and the tourism facilities mentioned above, it estimates that the number of domestic tourists will increase significantly in 2022.

With the official launching of the Lao - China Railway, the highway from Vientiane to Vang Vieng and the reopening of the country (officially receiving the international visitors) it would attract both international and domestic visitors to visit Lao PDR and this could help to boost up and recover the Lao economy for the 2022.

Part II: Domestic Visitor Survey

The results in this section of the report relate to information obtained from 1,125 domestic visitors surveyed during the period March - December 2021 at the Wattay International Airport (Vientiane Capital), Luang Prabang International Airport (Luang Prabang), Pakse International Airport (Champasack) and Vientiane Province. The Domestic visitors who were randomly interviewed represent all tourist arrivals to Provinces.

From the survey conducted by Tourism Development Department, it could be seen that there were more female tourist visitors than male in 2020, but in 2021 there was more male tourist visitors. In 2020, 47% of the visitors were in the age between 20-29 years old while in 2021 was the age between 30-39 years old which accounted for 37.2%. Most of the domestic tourists were working as the private sector workers, housewives, government officials and students. The top three purposes of the traveling were leisure, attending meetings and visiting family.

In addition, the average of income from the domestic tourists was 3 - 4 million LAK/ month for 2020 and more than 6 million LAK/ month in 2021. It also mentioned that in 2020, most tourists traveled by their private car, which accounted for 67.1% and up to 90% in 2021. The group traveler was the highest among other types in 2020 (46.7%) and in 2021, the trend was changed since 46.1% of visitors traveled with their family.

Moreover, 45.7% of the domestic tourists prefer to stay in guesthouse in 2020. However, 49% was reported staying at 'various places' in 2021. The average expenditure of domestic tourists in 2020 was between 2-3 million LAK, while in 2021 was less than 500,000 LAK and the average length of stay was 3 days.

Part IV: Domestic Tourism Stream Survey

The table below shows the results of the weekend tourism survey, which interviewed 1,000 local tourists between September and December 2021 with the high potential tourism areas such as Luang Prabang, Vientiane Province and Champasack provinces. The correspondents were the tourist who traveled on weekend to the natural, historical, cultural attractions as well as staying at various accommodations.

According to the survey analysis of the domestic tourists mentioned that most of the tourists were from other provinces, most of them were between 30-39 years old, most of them were traders/ entrepreneurs and workers from private sector. This group of tourists earns more than 4,000,001 LAK/ month and traveling during the weekends such as Friday, Saturday and Sunday. Mostly, they were traveling with their family and friends, with the purpose of leisure and visiting friends and family. They traveled to the destination by car and airplane, with receiving the information from the social media and friends. The survey result has shown that tourists mostly like to stay at the hotels and guesthouses and they were interested in the attractions like nature/ waterfall and culture/ lifestyle. Their average length of stay was 2 days with the average expenditure of 1,000,000 LAK/ person/ time.

In addition, the survey results also highlighted that the tourists were satisfied with the tourist attractions. However, they also advised to improve the road accessibility to the attractions, improving the services, toilets and cleanliness at the tourist attractions.
